

Alias

Neurotech

I'm waiting inside
Come down
I'm breathing through fire
Come down

Light as a feather
To us it's nothing but terror
For all of us to fight
It will come

Waiting whenever
It comes to us
Stronger and better
For all of us to fight
Alias

To relive it
Its appeal
Why can't I see it
In front of me

Light as a feather
To us it's nothing but terror
For all of us to fight
It will come

Waiting whenever
It comes to us
Stronger and better
For all of us to fight
Alias

To release it
Long ordeal
Why can't I heal it
It's over for me
