

## Built to Last

Neurotech

Are we prepared to go?  
Where the fire burns  
A place we can face ourselves  
Open the gates  
To deliverance  
Why should we try?  
We are insignificant  
No, no this time

Not this time

Lead me with your story  
Lead me with your life  
Tell me what you're thinking  
Tell me all your lies  
Lead me with your future  
Lead me on your path  
Tell me all your wishes  
Tell me are we built to last

Are we strong enough?  
To build each other's trust  
And to escape from these chains  
Open the gates

Tell me are we built to last
