

In Raging Reclaim

Neurotech

There is no place for me
Among all the confusion
What are you saying to me
All the conclusions are gone

There is no space for me
Onward to seclusion
What are you playing to be
All mental transfusions are done

When the sun comes up
It will all come back to me

Dissolve into black from here
In raging reclaim
Dissolve into black from here
In raging reclaim

There is no place for me
Among all the confusion
What are you saying to me
All the conclusions are gone

When the sun comes up
It will all come back to me

Dissolve into black from here
In raging reclaim
Dissolve into black from here
In raging reclaim
