

# Is the Sunrise Coming

Neurotech

There's a new time coming  
There's not need for power to stay

A new day is dawning  
I am ready for the separate way

But,

Is the sunrise coming  
I wanted to know  
Is the sunrise coming  
The question must go

Never felt anything like this before  
For another time  
For another day  
I have opened the door

But,

Is the sunrise coming  
I wanted to know  
Is the sunrise coming  
The question must go

Is the sunrise coming  
I wanted to know  
Is the sunrise coming  
I beg you to go

I beg you to go

Waiting,  
Waiting for,  
A perfect sunrise

Is the sunrise coming  
Is the sunrise coming  
Is it finally coming to me ?

Is the sunrise coming  
I wanted to know  
Is the sunrise coming  
The question must go

Is the sunrise coming  
I wanted to know  
Is the sunrise coming  
I beg you to go

I beg you to go
