Neurotech

Reach out to breathe again  
Come to play  
In trail to decay

In chains but not afraid  
Desolate  
Reality fades

The answer I've been looking for  
Has been replaced  
The answer I've been searching for  
Has been erased

I watch it spin from me  
All over again  
I watch it spin from me

Koma

Entrance to feel again  
Watch it stay  
Degrading awake

Unveiled and out of place  
Cast away  
Reality fades

The answer I've been looking for  
Has been replaced  
The answer I've been searching for  
Has been erased

I watch it spin from me  
All over again  
I watch it spin from me
