

# Hospitality

Neuroticfish

I want hospitality  
I need hospitality  
I ask hospitality  
Something that you never gave to me

Nailed to the ground; forced to be  
bound  
Nothing's perfect except the nightly  
sounds  
Taking my breath; taking all I have  
Rejecting; neglecting; living with my  
death

I want hospitality  
I need hospitality  
I ask hospitality  
Something that you never gave to me

Losing my will; expecting not to kill  
My pleasure; my treasure; something  
that I feel  
Never looking back; never try to crack  
My fantasies; my memories; my  
aphrodisiac

I want hospitality  
I need hospitality  
I ask hospitality  
Something that you never gave to me
