

Dream Come True

Never Heard of It

Why don't you tell me
How you feel about me?
'Cause I think I feel the same way about you
Why don't we just get together?
I wanna be with you forever
And I've always loved you ever since the first day that I met you.

We were the best of friends
But I want something more
I plan on telling you everytime I show up at your door
I see the way you look at me sometimes (sometimes)
And I fantasize about you at night

Then when I wake up and its just a dream (just a dream)
I feel so sad and so incomplete (so incomplete)
So now I'm stuck with nothing to do
Girl won't you be my dream come true?
Just be my dream come true

'Cause I love you
And I want you
'Cause I love you
To be my dream come true

Why don't you tell me exactly how you feel about me?
'Cause I think I feel the same way about you
Why don't we just get together?
I wanna be forever
I've always loved you ever since the first day I met you

We were the best of friends
But I want something more
I plan on telling you everytime I show up at your door.
I see the way you look at me sometimes
I fantasize about you at night

When I wake up and its just a dream
Just so sad, so incomplete

So be my dream come true
I'm so in love with you
Be my dream come true
So be my dream come true
