

Under The Mistletoe

Never Shout Never

Darlin' won't you tell me what you're doin' later on tonight, tonight

My daddy said you're bad news and I gotta keep you out of sight, but I might
Sneak out up the chimney and bring my favorite dancing shoes, I'll find you

Don't you worry girl I'll bring the winter wonderland to you, all for you

Meet me under the mistletoe

Baby, don't try and tell me more

Baby, I'll be by your side
Kiss me under the mistletoe

I should really be getting home

Baby, let's do Christmas right
So meet me under the mistletoe tonight

I'm waiting on the corner but you're late and that's no big surprise, it's m
idnight

Darlin' hold your horses the reason that I'm running behind, is that I
Stole Santa's reindeer gonna take you on a sleigh ride, so hold tight

Well I refuse to go unless Rudolph is the guiding light, in our sky

Meet me under the mistletoe

Baby, don't try and tell me more

Baby, I'll be by your side
Kiss me under the mistletoe

I should really be getting home

Baby, let's do Christmas right
So meet me under the mistletoe tonight

We don't need no presents
'Cause your love's the greatest gift of all, it's true love
We don't need the boxes wrapped in ribbons and topped with bows, 'cause I kn
ow
All I want for Christmas is a kiss under the mistletoe, so come close
'Cause when our lips meet I feel a fire in the winter cold and ice and snow

Meet me under the mistletoe
I'll be waiting to keep you warm
Baby, I'll be by your side

La la la la

Kiss me under the mistletoe
Don't peek
Keep your eyes closed
Baby, let's do Christmas right
So meet me under the mistletoe tonight
