

Hello/Goodbye

Neverest

You try to tell me it mattered, but you've proven otherwise
Your promises have shattered, and even turned to lies
And when I feel the hurting, I send an SOS
It's like you never heard it, we just can't make it

You revealed it when you looked into my eyes and spoke your lies
And I couldn't see it (I couldn't see it)
You took me by, you took me by surprise
Cause I don't believe it and now the part of me I saved for you
has died
Cause you left me, you left me, you left me, so hello and goodbye

Whoever thought that it'd come to this, I never had a clue
It's come to me as a real surprise, as I'm sure it has for you
And when I feel the hurting, I send an SOS
It's like you never heard it, we just can't make it

You revealed it when you looked into my eyes and spoke your lies
And I couldn't see it (I couldn't see it)
You took me by, you took me by surprise
Cause I don't believe it and now the part of me I saved for you
has died
Cause you left me, you left me, you left me, so hello and goodbye

You came and took what you wanted, you left me with nothing at all
I'm a fool to think we could make it, did you enjoy watching me fall?
Did you feel, feeling anything, is that why you were so cold?
How could you make me the enemy for loving you from my soul?

You revealed it when you looked into my eyes and spoke your lies
And I couldn't see it (I couldn't see it)
You took me by, you took me by surprise
Cause I don't believe it and now the part of me I saved for you
has died
Cause you left me, you left me, you left me, so hello and goodbye
