

Cenotaph

Nevermore

Foreboding fear trickles down the spine
Into the pool, resonating
Behind the wall the dreamer lies in velvet sleep
She must be still, never make a sound

Awake.awaken the dreamer
Awake.awaken
Awake.awaken the dreamer
Awake.where are you my love?

We build our walls around our games
We decompose, dreamers never really die
She lies unknown, the cenotaph in her name

Awake.awaken the dreamer
Awake.awaken
Awake.awaken the dreamer
Awake.where are you my love?

She lies unknown
She lies unknown
She lies unknown
She lies unknown
She hides
