

If I Was God for One Day

Neverstore

I'm walking through the night astray and blind
I keep it all inside, I still run and hide
Not a lot right now makes sense to me
I slipped, I fell, I hit the ground

Wake me up, I'm stuck, my hands are tied
Show me how to live, 'cause I'm not alive
I wish I was brave, stronger somehow
Wish I could turn back time tonight

If I was God for one day I'd chase the shadows away
And lead you back to my heart, my heart, yeah
If I could turn back the time I would erase and rewind
And I would make you stay if I was God for one day

Oh... oh... oh...
If I was God for one day

The world came crashing down, I lost my way
A broken fairytale I gave away
I wish I could change it back somehow
I'm lost without you, I need you tonight

If I was God for one day I'd chase the shadows away
And lead you back to my heart, my heart, yeah
If I could turn back the time I would erase and rewind
And I would make you stay if I was God for one day

Oh... oh... oh...
If I was God for one day

If I could turn back the time I would erase and rewind
If I was God for one day, one day, one day
One day, one day, one day, one day
One day, one day, yeah

If I was God for one day
I'd chase the shadows away
And I would make you stay
If I was God for one day
