

What if the fire burns out?
What if we're left without
Anyone to call our own?
You've got it figured out
If ever you're in doubt
Never have to be alone

People they come and people they go.
I could be wrong, but,
There's one thing I know
It's a longshot, baby,
But someday both of us will die
So I was thinking, maybe,
I could be your semi-perfect guy.
You don't know me, baby,
But I was hopin' we could try
For a longshot, you and I.

What if we take a chance,
What if you break your plans
And let me sweep you off your feet
You said you hate romance,
But I'm a persistent man
And I want you here with me

People they come and people they go.
I could be wrong, but,
There's one thing I know
It's a longshot, baby,
But someday both of us will die
So I was thinking, maybe,
I could be your semi-perfect guy.
You don't know me, baby,
But I was hopin' we could try
For a longshot, you and I.

I've been prayin' all my life
For love that's true,
But I never thought I'd get a girl like you.
Oh can't you see
Heaven sent you to me.

It's a longshot, baby,
But someday both of us will die
So I was thinking, maybe,
I could be your semi-perfect guy.
You don't know me, baby.
But I was hopin' we could try
For a longshot, you and I.

It's a longshot baby,
But someday both of us will die
So I was thinking, maybe,
I could be your semi-perfect guy.
You don't know me baby
But I was hopin we could try
For a longshot, you and I.
