

## 16 Beats

New Buffalo

By my side  
And I like  
Where've you been  
Long lost angel  
Ride my bike  
So much faster  
Sixteen beats  
And I'm back with you

There's a house  
Inside different rooms  
I've thought  
I can see that  
There's one door  
Never opened  
I'm inside  
Asking questions

Why can't I  
Play my songs for you  
You know I tried last night  
This is all I came up with  
Yeah

I like your style  
Styling me  
I want to smile  
So bad, please you make me feel  
And I'm feeling you  
But there's  
One thing I've got to say

Why can't I  
Play my songs for you  
You know I tried last  
This is all I came up with  
Yeah

Why can't I  
Play my songs for you  
You know I tried last  
This is all I came up with  
Yeah

Why can't I  
Why can't I  
Why can't I  
Why can't I
