

Drill It in My Brain

New Found Glory

I woke up Saturday morning
Didn't look in the mirror
I don't want to see my face today
Forgot everything that you told me
About needing space and how I keep getting in your way

Uh oh how did I survive your downfall?
Two wrongs don't make a right here at all
Uh oh how did I survive your downfall?
Don't you worry about that

You keep bringing me down
Cause you know I'll let you
Drill it in my brain, so I won't forget to
Hold you back when I don't deserve you
Wanting you more, the more I know you

I could be falling to pieces
And you wouldn't notice
If I was at your feet
If you needed constant attention
Or constant affection
You always look further than me

Uh oh how you took me like a fool girl
But I knew it from the moment I knew her
And before you do me in like that
Can't we lay on our backs?
And think about the times we had?

Bringing me down cause you know I'll let you
Drill it in my brain so I won't forget to
Hold you back when I don't deserve you
Wanting you more, the more I know you

Bringing me down cause you know I'll let you
Drill it in my brain so I won't forget to
Hold you back when I don't deserve you
Wanting you more, the more I know you

Now I've finally found you
Where in the world have you been?
I would never let something I regret
Come between us again
Nothing will come between us again
Nothing will come between us

You keep bringing me down
Cause you know I'll let you
Drill it in my brain so I won't forget to
Hold you back when I don't deserve you
Wanting you more, the more I know you

You keep bringing me down
Cause you know I'll let you
Drill it in my brain so I won't forget to
Hold you back when I don't deserve you

Wanting you more, the more I know you

Drilling in my brain, drilling in my brain
Drilling in my brain so I won't forget to
Hold you back when I don't deserve you
Wanting you more, the more I know you
