

More Than Enough

New Found Glory

If they were asking
What's the best thing that's happened to me
I've gotta say it's you
You're fearless, ambitious
Stunning surface, heart and soul of gold
Breaking all stereotypes
They say I'm not good enough
For you, and I agree

You've been through more than enough
Yeah, more than enough
Yeah, more than enough for me
I owe you all that I have
Yeah, all that I have
But that's not enough, you see
I love you more than before
Yeah, more than I thought
Could be a possibility
We've been through more than enough
Girl, downs and the ups
Yeah, we can get through anything

If you had told me
This is where my life was gonna end up
I would have said you were crazy
Grateful but beaten up
No time for grudges, I've got so much to say
But it's not worth it
They all think you could do better
Than me, and I agree

You've been through more than enough
Yeah, more than enough
Yeah, more than enough for me
I owe you all that I have
Yeah, all that I have
But that's not enough, you see
I love you more than before
Yeah, more than I thought
Could be a possibility
We've been through more than enough
Girl, downs and the ups
Yeah, we can get through anything

What the hell do they know?
They can't see past their own
Misery and prison

What the hell do I know?
Two starts a whole lot more than them
You're in a match
We're a kingdom
Yeah, we could get through anything

Yeah, we could get through anything
Yeah, we could get through anything

You've been through more than enough
Yeah, more than enough
Yeah, more than enough for me
I owe you all that I have
Yeah, all that I have
But that's not enough, you see
I love you more than before
Yeah, more than I thought
Could be a possibility
We've been through more than enough
Girl, downs and the ups
Yeah, we can get through anything
