

I Surrender

New Hollow

Here we are, once again
It never ends
It's hard to find, what's on your mind
Like I'm not there

And I start to [?] about every line
Said how there's just no other way
I wish we could be I wish you could see
That you're the only one for me

I don't wanna stand in line forever
Baby I surrender
I try to be the one, pretend you're gonna do it again
Pull my heart strings out, be the one you see
What you love will [?]
And I, I just don't know
If you'd rather stay or go
I surrender

Looking back, now I see
What it all means
A fairy tale, a twist it seems
Broken dreams
And it starts to remind me of every time
How there's just no other way
How I wish we could be, how I wish you could see
That you're the only one for me

I don't wanna stand in line forever
Baby I surrender
I try to be the one, pretend you're gonna do it again
Pull my heart strings out, be the one you see
What you love will [?]
And I, I just don't know
If you'd rather stay or go
I surrender

Here we are, once again
It never ends
It's hard to find, what's on your mind

I don't wanna stand in line forever
Baby I surrender
I try to be the one, pretend you're gonna do it again
Pull my heart strings out, be the one you see
What you love will [?]
And I, I just don't know
If you'd rather stay or go
I surrender, I surrender
I surrender, I surrender
I surrender
