

Girl Who Does Both

New Hope Club

21st century modern
A contemporary girl
They don't come around often
But I want one and she's her
She could be on the west end
In a sequins dress of gold
Going out with your best friends
Well, at the pub, she can hold her own

Some girls like to paint the town
But some girls stay at home
I want a girl who does both

Sophisticated type
You know what you like
We'll go there every night
I'm just along for the ride
For such a dirty mind
You clean up pretty nice (Nice)

I'm never going back, never going back
Never going back, back
'Cause ordinary love, ordinary love
Could only be half that

I want a trivia genius
Who knows everything I don't
She got plenty of secrets
With answers I will only know

Well, some lads like to shop around
But this one here is sold
I want a girl who does both

Sophisticated type
You know what you like
We'll go there every night
I'm just along for the ride
For such a dirty mind
You clean up pretty nice, nice, nice

I'm never going back, never going back
Never going back, back
'Cause ordinary love, ordinary love
Could only be half that

Ooh-ooh, ooh, ooh-ooh, ooh-ooh
Ooh-ooh, ooh, ooh-ooh, ooh-ooh
Ooh-ooh, ooh, ooh-ooh, ooh-ooh
Ooh-ooh, ooh-ooh, ooh, ooh-ooh

Some girls like to paint the town
But some girls stay at home
I've got a girl who does both
