

Swimming With Sharks

New Hope Club

Oh are you a killer?
Or am I your pray?
I've been growing bitter
Drowning in the waves

I should stay away from oceans
Cause all my wounds are open
And I keep

Swimming with, swimming with, swimming with, swimming with, sharks
They're tearing me apart
Tell me why, is love like
Swimming with, swimming with, swimming with, swimming with, sharks
They sense my bleeding heart
Tell me why, is love like
Swimming with, swimming with

I don't need reminding
I've still got all the scars
Read your message in a bottle
But I don't know who you are

I should stay away from oceans
Always find me floating
And I keep

Swimming with, swimming with, swimming with, swimming with, sharks
They're tearing me apart
Tell me why, is love like
Swimming with, swimming with, swimming with, swimming with, sharks
They sense my bleeding heart
Tell me why, is love like
Swimming with, swimming with, swimming with, swimming with, sharks

Swimming with, I'm swimming with sharks
Swimming with, I'm swimming with sharks

Dangerous, got to lock me up
Dangerous, but I want your love
Dangerous, got to lock me up
Dangerous, but I want you

Dangerous, got to lock me up
Dangerous, but I want your love
Dangerous, got to lock me up
Dangerous, but I want you

Swimming with, swimming with, swimming with, swimming with, sharks
They're tearing me apart
Tell me why, is love like
Swimming with, swimming with, swimming with, swimming with, sharks
They sense my bleeding heart
Tell me why, is love like
Swimming with, swimming with, swimming with, swimming with, sharks

Swimming with, I'm swimming with sharks
Swimming with, I'm swimming with sharks

Swimming with, I'm swimming with sharks
Swimming with
