

# In The Night

New Kids on the Block

In the night  
You live in my dreams  
In the day  
You're all that I see  
I can't shake it  
This vision of you stays in my head  
I won't make it  
If I don't get you back in my bed

Oh, there is a hunger burning in me  
Feels like I'm dying, please come set me free  
My body wants your body now  
I need your touch

In the night  
Come take me to the danger zone  
Set me on fire  
In the night  
Nobody will ever know  
What we do after dark  
In the night

I'm losing my mind  
In the day  
There's nowhere to hide  
Oh no  
My heart is racing  
I see your face in magazines  
I'm hallucinating  
I see you on every TV screen

Oh, there is a hunger burning in me  
Feels like I'm dying, please come set me free  
My body wants your body now  
I need your touch

In the night  
Come take me to the danger zone  
Set me on fire  
In the night (Oh)  
Nobody will ever know  
What we do after dark  
In the night  
Take me to the danger zone (Oh yeah)  
Nobody will have to know  
What we do in the dark

Oh, wanna be there in your atmosphere  
Gonna trust your light to guide me there

In the night (Oh)  
Come take me to the danger zone  
Set me on fire  
In the night  
Nobody will ever know  
What we do after dark  
In the night

Come take me to the danger zone  
Set me on fire  
In the night (Oh)  
Nobody will ever know  
What we do after dark  
In the night
