

Magic

New Kids on the Block

It's like magic
Gotta have it

I feel it, the power
Every time I'm around you
Count the hours 'til I see your face again
Yeah, tonight (Tonight) is ours
And nothing's gonna stop us
What we got is just too strong to ever end

I'm under your spell
Baby, can't you tell?

It's like magic (It's like magic)
Magic when you touch me
Gotta have it (Gotta have it)
It's crazy how you love me
Just imagine (Just imagine)
The things we're gonna do
I can feel it, can you feel it?
Tell me you feel the magic too

You give it to me
Everything about you
Sends me to a place of ecstasy
I still can't believe
Every time I'm with you
It's like I'm living in a fantasy

I'm under your spell
Baby, can't you tell?

It's like magic (It's like magic)
Magic when you touch me
Gotta have it (Gotta have it)
It's crazy how you love me
Just imagine (Just imagine)
The things we're gonna do
I can feel it, can you feel it?
Tell me you feel the magic too

Nothing up my sleeves, baby, presto (Can you feel the magic too?)
Can't believe my eyes, let's go (It's like magic)
The way you moving, it's like I'm losing it
Like an illusionist, you got me confused and it's (Gotta have it)
Like I gotta have ya, abracadabra
Wanna reach out and grab ya

It's like magic (Woo)
Magic when you touch me
Gotta have it (Gotta have it)
It's crazy how you love me
Just imagine (Just imagine, baby)
The things we're gonna do
I can feel it, can you feel it? (Oh yeah)
Tell me you feel the magic too (It's like magic)
Magic when you touch me

Gotta have it (It's like magic)
It's crazy how you love me
Just imagine (Just imagine)
The things we're gonna do
I can feel it, can you feel it?
Tell me you feel the magic too
