

God Has Come

New Life Worship

When darkness falls and sorrow finds me
This joy I know comes in the morning
When all seems lost and strength is fading
This hope I've found is everlasting
everlasting

Our God has come to save
He holds us in His hands
His promise will remain
His Kingdom has no end
God has come
God has come

Now faith is here and strength is rising
This grace You've shown is so amazing
so amazing

Sing hosanna for God has come
Oh oh oh
Sing hosanna the King has won
Salvation comes
