

# More Than Enough

New Life Worship

Glory, we want to see Your glory  
The power of the true King  
Reigning in this place  
Hungry, Jesus we are hungry  
Turn Your face upon us  
Oh we long for You  
Only You are able  
Only You can satisfy

Great in power  
Great in splendor  
Great in wonder  
More than enough  
Strong and able  
True and faithful  
Jesus Savior  
More than enough

Broken, sinful and defeated  
You restored and freed us  
And brought us into grace  
Only You are able  
Only You can satisfy

Only You break every chain  
Your love is strong enough  
You're strong enough  
Only You wash away sin  
Your grace is deep enough  
It's deep enough

Only You conquer the grave  
You are alive in us  
Alive in us
