## **New Model Army**

We follow the tail lights out of the city Moving in a river of red As the colors fade away from the dusky sunset We roll for the darkness ahead

We are old, we are young, we are in this together Vagabonds and children, prisoners forever With pulses a-raging and eyes full of wonder Kicking out behind us again

Night time, city beat, the radio is calling The lost and lonely in vain Out here we are running for the wide open spaces The road smell after the rain

We are old, we are young, we are in this together Vagabonds and children, prisoners forever With pulses a-raging and eyes full of wonder Kicking out behind us again

And watching as a boy alone at the quayside
The ships loading cargo in the night
Their names all calling to faraway places
The years go past, the miles go by
And still this childhood romance will not die

We are old, we are young, we are in this together (We are old, we are young)

Vagabonds and children, prisoners forever (Vagabonds and children)

With pulses a-raging and eyes full of wonder (With pulses a-raging)

Kicking out behind us again (Kicking out behind us)

We are old, we are young, we are in this together Vagabonds and children, prisoners forever With pulses a-raging and eyes full of wonder Kicking out behind us again, hey, hey
