

Not Alone

New Rules

You should know, know, know that
I won't let you go, yeah
When it's dark and cold
You're not alone, not alone
When you fall from high and
When you walk through fire
I'll be by your side
You're not alone, not alone

This is for the ones who
Never get listened to
I pray you don't lose your voice
I promise they'll hear you soon
This is for the ones who
Hide in that empty room
You made it through the hardest times
And baby you're living proof

Yeah we've all been there darling
Don't be scared, oh your
Burdens mine to share

You should know, know, know that
I won't let you go, yeah
When it's dark and cold
You're not alone, not alone
When you fall from high and
When you walk through fire
I'll be by your side
You're not alone, not alone

You're not alone (You're not alone)
You're not on your own, no, no
You're not on your own
You're not alone, not alone

So if you feel hopeless
Just know I've been hopeless too
When every door is closed
Mine is open for you

Yeah we've all been there darling
Don't be scared, oh your
Burdens mine to share

You should know, know, know that
I won't let you go (Let you go)
When it's dark and cold
You're not alone, not alone
When you fall from high and
When you walk through fire
I'll be by your side (I'll be)
You're not alone, not alone

You're not alone (No, no, not alone)
You're not on your own, no, no
You're not on your own

You're not alone, not alone
You're not on your own, no, no
You're not on your own
You're not alone, not alone
