

Skeletons

New Years Day

I wanna get closer to where you hide
I wanna see further into your eyes
I wanna go deeper into what you deny
I wanna keep falling until there's no light

I don't fear the dark
Show me all your scars
I wanna know who you are
(I wanna know who you are)
I don't fear the dark
Give me all your heart
I wanna know who you are

Show me the skeletons in your closet
Don't wanna play pretend all alone
All of the skeletons, they will haunt us
Let me in, let me in, I want more

I wanna uncover what nobody knows
Where all of your secrets are taking control
All the shadows are beautiful
Don't need to keep hiding, it's time to let go

I don't fear the dark
Show me all your scars
I wanna know who you are

Show me the skeletons in your closet
Don't wanna play pretend all alone
All of the skeletons, they will haunt us
Let me in, let me in, I want more
Show me the skeletons in your closet
Don't wanna play pretend all alone
All of the skeletons, they will haunt us
Let me in, let me in, I want more

Show me all your lies
Show me where you hide

Show me the skeletons in your closet
Don't wanna play pretend all alone
All of the skeletons, they will haunt us
Let me in, let me in, I want more
Show me the skeletons, show me the skeletons
In your closet, in your closet
All of the skeletons, all of the skeletons
Let me in, let me in, I want more
