

## Jet Boy

## New York Dolls

Who so fly up in th' sky faster than  
Any boy could ever describe  
Who's got that love so deep  
With everything alive  
I said, "Jet boys fly, jet boys gone  
Jet boy stole my baby"  
Flyin' around New York City so high  
Like he was my baby  
This's the kinda place where  
No one cares what you're livin' for  
And jet boys so preoccupied  
He don't care 'bout before  
And that's why, jet boys fly, jet boys gone  
Jet boy stole my baby  
Flyin' around New York City so high  
Like he was my baby, my baby  
Jet boys fly, jet boys gone  
Jet boy stole my baby  
Flyin' around New York City so high  
Like he was my baby  
We was all endangered charms  
Swear we're havin' fun  
And Jet boy knows after all we done  
That's why he's the one  
That's why, jet boys fly, jet boys gone  
Jet boy stole my baby  
Flyin' around New York City so high  
Like he was my baby  
My pretty baby, my pretty pretty baby  
My pretty baby  
When I first came around this dump  
I knew I couldn't stay  
'Cause up above the world are jet boy  
That's why I gotta play  
Don'tcha know that, jet boys fly, jet boys gone  
Jet boy stole my baby  
Flyin' around New York City so high  
Like he was my baby  
Like he was my baby, like he was my baby  
Like he was my baby, like he was my baby  
Jet boys fly and ya know he's gone  
I said he been gone, gone, gone, gone  
And he been flyin', and he been flyin'  
He's been flyin', he been flyin'  
Baby up all night, baby New York City  
Baby so so high, baby so so high  
Dontcha know that, like he was my baby  
Like he was my baby, like he was my baby  
Like he was my, my, my, my baby  
My, my, my, my baby  
My, my, my, my, my baby  
My baby, my baby, m-m-my baby, my baby
