

Nobody Got No Bizness

New York Dolls

[Spoken:]

Hi everybody! I'm David Jo and the Dolls!
We're from New York City!
And we like our Philly soul Chicago-style!
Check it out!
Invested with virtues no other band possess
Retreating here, advancing there
Encircling this earthly mess
Nobody got no bizness
Bizness like we do
Come on baby, won't you watch our style
It's kickin' like a mule
Who's got the noise
When you gotta move
Gotta be a rock and roll band
That's really in the groove
Bizness, bizness
Nobody's got no bizness
Replacing defunct religions
And the earthly caress
Offering the modern crowd an absolute
Worthy of its nothingness
We like to shingaling
And Latin boogaloo
Everybody swaggerjackin' us
Cause you can't learn this at school
Nobody got no bizness
Bizness like we do
It don't matter what you're putting down
You could do it too
Whose love is radical
When you've gotta move
Gotta be a rock and roll band
That's really in the groove, yeah!
Bizness, bizness (that's right)
Nobody's got no bizness
Bizness, bizness (give me some bizness)
Nobody's got no bizness (ah yeah yeah yeah)
Let's get radiant, uh-huh
You in with the in part of the out crowd, now
Ain't nobody got no bizness
Bizness like we do
Come on baby, just watch our style
It's kickin' like a mule
Who's got the chaos
When you gotta move
Gotta be a rock and roll band
That's really in the groove
Bizness, bizness (yeah yeah yeah)
Nobody's got no bizness
Bizness, bizness (uh huh, yeah yeah)
Nobody's got no bizness
Bizness, bizness (that's right)
Nobody's got no bizness
Bizness, bizness (Bizness, yeah)
If we don't come back, just call us on the Ouija board.
