

Round and Round She Goes

New York Dolls

Goin' to the fracas Friday night
I'm gonna take my baby, I'm so excite
The way she move is outta sight
The joint is ready to ignite
And we go
Round and round and round and round and round and round
we go
Round and round and round and round and round and round
we go
Yeah
Put this record on the record machine
She starts spinning like a dancing queen
She goes
Round and round and round and round and round and round
she goes
You all should've heard what I seen
Twirling like a figurine
She likes to listen to the tambourine
Round and round like a ferris wheel
Rockin' a virginia reel
You should feel the way she feels
Dancing backward in high heels
And she goes
Round and round and round and round and round and round
she goes
Round and round and round and round and round and round
we go
Put this record on the record machine
She starts spinning like a dancing queen
She goes
Round and round and round and round and round and round
she goes
Put this record on the record machine
She starts dancing like a crazy queen
She goes
Round and round and round and round and round and round
she goes
Round and round don't never end
Rock and roll with all her friends
Where she start that all depends
She includes and then transcends
So, put this record on the record machine
She starts dancing like a crazy queen
She goes
Round and round and round and round and round and round
she goes
Put this record on the record machine
She starts spinning like a dancing queen
She goes
Round and round and round and round and round and round
she goes
Round and round and round and round and round and round
she goes
Round and round
C'mon baby, yeah baby, that's what I like, yeah
