

Drown

NewDad

Take me to the sea
Then drown me
Then drown me
Let me sink into a sleep
Then wake me
Then wake me

I want to feel the cold
And I don't want to know what happens when you get old
And I want to feel the heat
I want to feel my heart
Skip a beat

Take me to the sea
Then drown me
Then drown me
Let me sink into a sleep
Then wake me
Then wake me

Light it all on fire
Then put it out and dampen my desire
And I don't want to know
Why it is I want to be alone

Take me to the sea
Then drown me
Then drown me
Let me sink into a sleep
Then wake me
Then wake me
