

No, I don't want to say it  
'Cause you won't want to say it back  
No, I don't want to say it  
'Cause you won't want to say it back

You only want to make things right at night  
But it's not the same  
I'm tired, I had a long day but now you want me  
You only want to talk when you're alone or when no one else is  
home  
Today you didn't even look at me in the hallway  
I know you saw me

So I don't want to say it  
'Cause you won't want to say it back  
No I don't want to say it  
'Cause you won't want to say it back

You don't say much to my face  
You just look down at your laces like your fucking famous  
And you don't want to leave a trace  
But you'll get mad if someone takes your place  
No, you don't like me at all  
You just want to see me fall for you  
And I don't want to

So I don't want to say it  
'Cause you won't want to say it back  
No I don't want to say it  
'Cause you won't want to say it back
