

Hallelujah (Bride In White)

NewSong

Come on brothers, come on sisters
Come on friends and enemies
Come all poor and rich young rulers
Come enjoy the prince of peace
Yeah come enjoy the prince of peace

Hallelujah, hallelujah
Hallelujah and amen
Hallelujah all God's children say
For the bride in white and the risen King
For the bride in white and the risen King
Yeah!

Come all strong, come all broken
Come all sinners, come all saints
Come on in, the doors are open
Yeah, they're open wide and the king awaits
Did you hear me?
Yeah, they're open wide and the king awaits
Here we go!

Hallelujah, hallelujah
Hallelujah and amen
Hallelujah all God's children say
For the bride in white and the risen King
For the bride in white and the risen King

Now, I can't wait till I finally see you
And I can't wait for kingdom come
There'll be no more pain
And there'll be no more sorrow
Amen

Here's my favorite part!
And the days of death, they'll be finally done
Come on!
Yeah the days of death, they'll be fi-n-ally, finally done

Hallelujah, hallelujah
Hallelujah and amen
Come on!
Hallelujah all God's children say
For the bride in white and the risen King

Hallelujah, hallelujah
Hallelujah and amen
Hallelujah all God's children say
For the bride in white and the risen King
For the bride in white and the risen King
For the bride in white and the risen King
For the bride in white and the risen King
Go!
