

I'm Always Talking To Jesus

NewSong

Life can be such a mystery
There's so many unknowns
And I have found
All the ups and downs
Can make us feel all alone

Oh, but I have a quiet place
That anchors my soul
Where I hear His voice
Rise above the noise
Always keeping me strong

I'm always talking to Jesus
And He's always talking to me
A comfort again and again
Oh, what a friend
He's always listening

I'm always talking to Jesus
Telling him all of my troubles
I know: wherever I go, I'm not alone
He always hears me

I'm always talking to Jesus

I have all of these letters
That He's written to me
Every page holds a promise
That He'll always love us
I trust every word that He speaks

I'm always talking to Jesus
And He's always talking to me
A comfort again and again
Oh, what a friend
He's always listening

I'm always talking to Jesus
Telling him all of my troubles
I know: wherever I go, I'm not alone
He always hears me

I'm always talking to Jesus

Through the wind and the rain
Through the joy and the pain
He's so faithful to me
And even in the silence He speaks

I'm always talking to Jesus
And He's always talking to me
A comfort again and again
Oh, what a friend
He's always listening

I'm always talking to Jesus
Telling him all of my troubles

I know: wherever I go, I'm not alone
He always hears me

I'm always talking to Jesus
