

My Heart's With You

NewSong

Well, I know Christmas is a time to remember
And all my memories are wrapped up in you
Every picture paints a lovely December
But this Christmas what will I do?

They say home is where the heart is
And I keep trying to believe that it's true
But every picture of us just reminds me
That this Christmas wherever you are
My heart's with you
My heart's with you

Holidays are never meant for the lonely
Snowy nights I need you here by my side
I can only pray god make me stronger
This Christmas without you in my life

They say home is where the heart is
And I keep trying to believe that it's true
But every picture of us just reminds me
That this Christmas wherever you are
My heart's with you (My heart's with you)
My heart's with you (My heart's with you)

Everybody needs a hope to believe in
Everybody needs a hero sometimes
Everybody needs a light in the darkness
And I need you this silent night

They say home is where the heart is
And I keep trying to believe that it's true
But every picture of us just reminds me
That this Christmas wherever you are

They say home is where our heart is
And I keep trying to believe that it's true
But every picture of us just reminds me
This Christmas wherever you are
This Christmas wherever you are
This Christmas wherever you are
My heart's with you
Well, my heart's with you (My heart's with you)
My heart's with you, you
My heart's with you
