Here we go

You, I gotta slow down I'm hitting the ground And I know it isn't right To scratch and fight another day You are all that I want But you're not what I need And I know it's probably time To find another melody (2x): Come on, come on I gotta get away Save all the bullshit for another day G-get me a t-ticket and an alibi There's nothing holding me down so teach me how to fly Here we go Up Up and Away Here we go Up Up and Away Here we go Up Up and Away. Away, away, ee-ee You, get out of my way Get out of my face And I know it isn't right To hold so tight to yesterday I go wherever I want Wherever I please I look forward to the day Where this is just a memory (2x): Come on, come on I gotta get away Save all the bullshit for another day G-get me a t-ticket and an alibi There's nothing holding me down so teach me how to fly Here we go Up Up and Away Here we go Up Up and Away Here we go Up Up and Away. Away, away, ee-ee (2x): Come on, come on I gotta get away Save all the bullshit for another day G-get me a t-ticket and an alibi There's nothing holding me down so teach me how to fly Here we go Up Up and Away Here we go Up Up and Away

Up Up and Away. Away, away, away, ee-ee
