

# World Away

Newton Faulkner

We never know exactly where we are  
And we've been living like a false start  
Living like a false start  
And any time we seem to gather speed  
You're always traveling away from me  
Traveling away from me  
Oh, oh-oh-oh-oh-oh

Always seems to be (always seems to be)  
The hours that I keep (the hours that I keep)  
I find you fast asleep (I find you fast asleep)

I am fighting hard to stay awake  
Before too long but not today  
I feel so close although we are  
A world away, a world away  
We're still learning, darling, who we are  
So close and yet so far  
Although my lonely idle heart's  
A world away, a world away

And any time we get a second take  
I'm still thinking of the words to say  
Thinking of the words to say  
Right or wrong I'd make the same mistakes  
Still want to kiss you in the pouring rain  
Kiss you in the pouring rain  
Oh-oh-oh-oh-oh

Hanging over me (hanging over me)  
Overseas (overseas)

I am fighting hard to stay awake  
Before too long but not today  
I feel so close although we are  
A world away, a world away  
We're still learning, darling, who we are  
So close and yet so far  
Although my lonely idle heart's  
A world away, a world away

There's no reason why  
In this heart of mine  
You can't always stay  
Every day  
To the grave

I am fighting hard to stay awake  
Before too long but not today  
I feel so close although we are  
A world away, a world away  
We're still learning, darling, who we are  
So close and yet so far  
Although my lonely idle heart's  
A world away, a world away

(A world away, a world away)

A world away, a world away  
(A world away, a world away)  
A world away, a world away
