

# You Set the Rhythm

newworldson

I was unlucky in love,  
I didn't know what a heart was,  
Felt it beatin' in my chest,  
But my best definition was a blood pump,

So why did it hurt,  
When I was alone,  
Why does it feel,  
Like you've made it your own,  
You are the master key  
And my heart's unlocked

Now I think it beats just with you,  
That's all it knows how to do,  
I made a brand new start,  
Now you set the rhythm of my heart,

You set the rhythm now,  
You set the rhythm now,

I was a dangerous man,  
I was a ruthless pretender,  
Carried love like a sword,  
But you're the one who made me surrender,

And now my heart's in a better place,  
My heart's in a better place,

Now I think it beats just with you,  
That's all it knows how to do,  
I made a brand new start,  
Now you set the rhythm of my heart,

You set the rhythm now,  
Oh yeah oh yeah,  
You set the rhythm now,  
Whoa yeah,  
C'mon,

Now I think it beats just with you,  
That's all it knows how to do,  
I made a brand new start,  
Now you set the rhythm of my heart,

You set the rhythm now now,  
You set the rhythm now,  
You set the rhythm now now,  
Ooh yeah!
