Rockabye baby and it don't stop  
When the shirts fall the pants will drop  
Down will come boxers panties and all  
It's on it's on it's on

You huh this is R.L.  
What we trying to do right now  
Is figure out  
Who the freak of the industry is  
And we feel like next got the flex  
But Adina we gotta take the reins  
You know what I'm saying  
So what we about to do is put it all on the line  
You get yours and I'ma get mine  
You Next, Adina sup

You cant handle  
What I'm bout to give you  
A next experience  
(ah go head daddy)  
(i'm all about it but Adina Howard can sleep)  
I just wanna touch and clutch and feel you  
Put some whip appeal in it  
(go head daddy)  
(go head mommy)

Boy peep this freak in me  
Testing out this feather weight  
Who cant handle this heavy weight  
Some talking ill just perpetrate  
I got what you need  
Come and get a load of me  
I'll make it hurt like baby birth  
When its on girl I put it work  
Even when I'm gone we can flex  
You can call collect  
We can have phone sex cause  
(cause what)  
You can't handle it No no no

Between my thugging I'm butter loving  
Hips bumping lips like she just finished licking something  
She say ya take a beat  
Just to peep a freak stunting  
Bowl mammas doing tricks  
Like the globetrotters  
Politicking while I blow scamas  
Uh huh I'm ripping rapping dough dotters  
Giving strow rhythm cause his flow propper  
And like it ruff like some more vodka  
Know she freaked out  
But cant knock her and I can be a freak until the day  
Until the dawn  
Baby don't front when its time to bring the bomb  
I'll make you feel it in your tummy  
Word is bond ill have ya walking funny  
Talk is cheap just give me a beep

We can peep boy you'll get freaked  
Tell ya what baby beep  
Lets come next week  
Ill make ya reach your peak yeah

Nasty my type like it  
Since its Adina you I might bite it  
Mad excited pop the G to peep inside it  
Let and divide it  
Don't play the road way  
So watch rat while we foreplay  
And pour more alezae  
Now your neck make ya crack let  
Could sweat all day  
Stuff the Garcia  
With dar tree  
The guard see  
While our positions harshly  
I throw it in you to the end boo  
Knees to chest and next is next to flex
