

# Represent Me

Next

Yo, they don't know how Next is gonna come  
Divine style in 9-7 ya'll  
So get ready, check it out  
One time  
One time, ah ah ah for your mind  
Yeah, check this out

Listen baby  
Girl what were you thinking  
When you ran down on me  
Tryin' to blow the spot  
For all of your girls to see  
All up in this place  
With your hands in my face  
What's that all about  
Can we talk it out babe

I gotta let you know how it is  
And where I'm coming from  
So you can see where we're at  
I'll never disrupt your flow  
Even when you're hanging with your little old friends  
And that's a fact  
Baby, come on lets get it right  
We been together too long and I don't wanna fight  
So take a sip on this style  
Baby, be strong cuz I know you didn't mean it

[1] - I don't really mind  
When you're hanging  
With your girlfriends  
Representing  
Because you represent me  
And I don't really mind when you're dancing  
On the dance floor with another  
Because I know I'm represented

T-Low..

See there's no need for me to be  
Having feelings of insecurity  
Tell me what the drama mean  
I thought that you were down on my team  
When you and your crew go on the town  
I know how your girlfriends be getting down  
See there's no need for me to worry  
Cuz I know you're down for me  
You're everything that I need baby

If you don't know me by now  
I doubt that you will ever know  
About my flow  
I gotta get my point across to ya somehow  
And make sure we have an understanding  
All I wanna do is make you happy  
So put down your guns and won't you let me  
Be the one at night you're coming home to

You're everything I want, you're everything I need

[Repeat 1]

It's alright if ya wanna go kickin'  
You're all mine and I know you're represented  
It's alright  
It's alright if ya wanna go kickin'  
You're all mine and I know you're represented  
It's alright

[Repeat 1 until fade]
