

Stuntin' on me, you get exposed  
I don't wanna pick then I buy both  
Doesn't go plat, it'll go gold  
Keep it up upfront, I don't tiptoe  
I be at the house tryin' to lay low  
Duckin' and dodgin' the promo  
Sit on my roof like J Cole  
Yeah, sit on my roof like J Cole

Thinking about how I'm so thankful  
Subpar songs, I don't make those  
Look at that car I paid for  
Look at my life, I'm grateful  
Hatin' on me, that's hateful  
You know I hit what I aim for  
Talkin' 'bout risks, I take those  
Didn't get here being careful

Listen, ah  
Talkin' 'bout risk, I take those  
Millionaire still riding with the Draco  
Courtside at the game Jumbotron got my name on it  
That's how a typical day goes  
I just left Nigeria, Lagos  
I just met Kanye, Yesoz  
I was talkin' to God, 'bout what's real or what's not  
All he said was remain faithful

OK, I get, I got it, I'm with it, I'm 'bout it  
My crib is exotic I'm blessed, hey  
We living chaotic was high off narcotics  
But that's when my life was a mess, hey  
We come from the bottom we still at the bottom  
I get high to relieve the stress, hey  
I don't think y'all get the message  
This just world is built off misconceptions

Talkin' 'bout greed  
Talkin' 'bout envy  
Talkin' 'bout money, then we talkin' 'bout plenty  
Talkin' 'bout dollars, or we talkin' 'bout pennies  
Talkin' 'bout drinking, then we talkin' 'bout Henny  
What we talkin' 'bout  
Lost souls at a crossroad, money coming in in large loads  
I've been crossed so my heart cold  
That's all we know

Stuntin' on me, you get exposed  
I don't wanna pick then I buy both  
Doesn't go plat, it'll go gold  
Keep it up upfront, I don't tiptoe  
I be at the house tryin' to lay low  
Duckin' and dodgin' the promo  
Sit on my roof like J Cole

Talkin' 'bout risks, I take those

Called up my dad and I told him I got you  
You wanna retire, then do it, you're good  
Called up my grandma and told her  
It's time to move out of that basement, let's get you a crib  
Called up my manager, told 'em get ready  
It's 'bout to get busy this record is, ah  
Called up to God and I asked 'em you watchin' my back?  
He ain't say nothin' back but I heard what He said  
When you see how I'm livin' the answer is obvious ain't it  
When you go from poverty stricken and stressing  
'Bout buying the groceries to not even having to look at the total  
You know you've been blessed  
Sharing the wealth, ain't no point in me keeping this all to myself  
I ain't taking this money with me to my grave  
Yeah, I might as well bless all the people I love

We talking 'bout making a difference, I'm making one  
Talking 'bout risks, I been taken 'em  
Talking 'bout dreams, I been chasin' 'em  
Talking 'bout lives, I been changin' 'em  
Talking 'bout family don't play with 'em, whoa

That's a line you don't cross, no  
Low blows can't respect those  
Gotta keep the loved ones close  
That's all we know, yeah

Stuntin' on me, you get exposed  
I don't wanna pick then I buy both  
Doesn't go plat, it'll go gold  
Keep it up upfront, I don't tiptoe  
I be at the house tryin' to lay low
