

# Circles

NF

(Yeah, we all make mistakes  
Yeah, here's some of mine)  
Yeah, it's my life  
Lord forgive me (c'mon)  
For the way I'm livin'  
(I'm a sinner man, all of us are)  
Lord forgive me  
For the way I'm livin' (yeah)

Lord forgive me, I know I've made a lot of mistakes  
When you look at my face you can tell I'm ready to break  
Ready to snap, lost, where am I at?  
I keep looking for light but why am I in the black  
It's invisible I've been mixing and twisting the principles  
There I go talking 'bout my life, how it's miserable  
It's pitiful I live in this prison I been in through  
Tryin' to minister when I'm the one that needs to be ministered to  
Lord forgive me  
I don't know why I do this  
I betray you stab you in the back like Judas  
Like Peter I deny you, like I don't know  
Tears running down my face as the rooster crows  
I'm a liar living in a world of 'em  
I'm dyin' sins starting to fill my lungs  
Oh no, I can hear the devil of my head  
Great, Nate it looks like you're doin' circles again

It's like my life is one big circle  
I'm trying to go forward, but I'm in reverse still  
It's like my life wants me to fail  
Say I'm lookin' for heaven, but I'm headin' for hell

I wake up in the morin'  
My minds on me  
Never said a prayer, Lord, never even noticed  
Why am I so open to blaming when I'm broke  
The moment I feel fine, I let the door close  
Dealing with insecurity but not about myself  
I'm having a hard time trusting anyone else  
I treat you like a toy  
So I put you on the shelf  
Like I'll come play later if I need any help  
And yeah I think you're calling but I don't really hear you  
Seems I should be concerned with what I see in the mirror  
What I see in the mirror's more than my appearance  
I see anger eating away at my spirit  
And maybe I should change, but I don't really want to  
Unless I feel pain it's like I don't really want you  
I know, by now it seems like I'd be smarter  
The worst part is, now I'm right back where I started

It's like my life is one big circle  
I'm trying to go forward, but I'm in reverse still  
It's like my life wants me to fail  
Say I'm lookin' for heaven, but I'm headin' for hell

Father please, I know I don't deserve your grace

None of us do, yet, your mercy remains  
You were perfect, there I go running away with nothing to say  
Lord, I'm ready to change  
Take me, and mold me into something that's right  
Sick of living my life like  
Like I'm out of your light, I'm out of your sight  
I need you to charge in  
Take me out the darkness  
And wrap me in your arms cause  
Without you I'm just another phony  
And without you it's like I don't even know me, show me  
Pull me in the right direction  
Need your life protection  
Need the mic directed  
I'm sick of living life like I ain't gotta have you  
When in the end we both know that I have to  
It's sad too  
'Cause every time I'm falling away  
I can hear the little voice inside my head say  
  
It's my life is one big circle  
I'm trying to go forward, but I'm in reverse still  
It's like my life wants me to fail  
Say I'm lookin' for heaven, but I'm headin' for hell
