

# Only One

NF

You put your hand into mine, and baby we flew  
And whenever you're not around I don't know what to do  
And I'd rather die than go on living without you  
You're the one for me. You're the one for me

You're the only one, only one  
Nothing's gonna hold us up  
I got you and after all that we've been through  
We've been through some things  
But it's okay, okay  
There's no way I'm leaving. Baby believe it

I put my hand into yours, and baby I knew  
That you would be there no matter what we go through  
You're not alone. I'll always be there for you  
Cause you're the one for me. You're the one for me

You're the only one, only one  
Nothing's gonna hold us up  
I got you and after all that we've been through  
We've been through some things  
But it's okay, okay  
There's no way I'm leaving. Baby believe it

You're the only one, only one  
Nothing's gonna hold us up  
I got you and after all that we've been through  
We've been through some things  
But it's okay, okay  
There's no way I'm leaving. Baby believe it

Girl, I don't want to sound like I'm on repeat  
I know that it sounds like it might seem weak  
Been through too much, I know it ain't easy  
To look at my face, it's difficult when you see this  
Hey we been falling apart and we've been trying to fix this  
I'm hoping and wishing that things will be different  
I don't want to lose you, I know that I miss this  
Cause you're the only one on my mind I listen to  
Tryna be the man that you need, I need time  
And I know that it seems I don't try  
But I promise I won't lie, won't lie  
Every time I look in your eyes, your eyes

Girl, I get this feeling that I never had  
And I just want you to understand

You're the only one, only one  
Nothing's gonna hold us up  
I got you and after all that we've been through  
We've been through some things  
But it's okay, okay  
There's no way I'm leaving. Baby believe it

You're the only one, only one  
Nothing's gonna hold us up  
I got you and after all that we've been through

We've been through some things  
But it's okay, okay  
There's no way I'm leaving. Baby believe it
