

# Reality

NF

Hey, welcome to reality  
Yeah  
Sometimes, we all get away from that real life  
You know sit back and think about, "What if my life was like this?"  
It's crazy  
And when you think about it  
Kinda like a dream  
Yeah, yeah

Imagine a life where you ain't got no reason to cry  
It ain't hard to tell the truth when there's no reason to lie  
Picture everything bad that ever happened to you  
Snap it in two then laugh at those that laughin' at you  
Imagine your pain disappears like magic  
Everything that ever hurt you never happened  
Your dad never left, your mom never cried  
Your relationships' perfect, and nobody dies  
You feel far from reality yet  
I do, so I'mma bring reality back  
You never met your dad, gone since you was a kid  
Matter fact, he left before you even cried in the crib  
And you momma always cryin'  
Startin' to mess with your head  
To the world, you alive  
But to yourself, you're dead  
Look in the mirror, heart's so full of rejection  
So you cock your fist back, then crack your reflection like

Yeah  
I don't like the way that I feel  
Lookin' for reality, but this ain't real  
What am I supposed to say, yeah  
I ain't supposed to feel this way

Yeah  
I don't like the way that I feel  
Lookin' for reality, but this ain't real  
What am I supposed to say, c'mon  
I ain't supposed to feel this way

Imagine everyone you knew respected you  
Put your name up high when they mentioned you  
Never talked about you bad behind your back  
And what they say is what they do  
And what they are is how they act  
Imagine every girl you had never hurt you  
And every guy you fell in love with didn't desert you  
Every lie on the earth was real  
And didn't mind really lettin' out the way they feel  
But hold up  
Let's slow it down for a minute  
Oh no! Lies in your face  
I don't get it  
What happened? I must have been dreamin' again  
Another fake friend in your face playin' pretend  
Another liar  
Yellin' it ain't nothin' but truth

All cryin', screamin', "I would never hurt you"  
Yeah, like we ain't heard that befo'  
You want the truth? What you think I'm rappin' fo'

Yeah  
I don't like the way that I feel  
Lookin' for reality, but this ain't real  
What am I supposed to say, yeah  
I ain't supposed to feel this way

Yeah  
I don't like the way that I feel  
Lookin' for reality, but this ain't real  
What am I supposed to say, c'mon  
I ain't supposed to feel this way

Picture a man that never did nothin' wrong  
Got beaten 'til most of His flesh was gone  
Put thorns in His head while they laughed and mocked Him  
Devil laughin' down in Hell like, "Yeah, I got Him"  
Imagine nails goin' into your palms  
Strapped to a cross  
Soldiers stretchin' your arms  
Like a joke, people all gather around  
"If you so powerful, then why don't you just come down?"  
Your mother cryin' at your feet  
Breathe your last breath  
You want reality, man that's as real as it gets  
The one true God came down to earth to die  
Never committed a sin, yet He died for mine  
And seems we all so caught up in the crazy life  
Die for the world, then we'll know what crazy like  
Gotta be blind homie if you can't see it  
So think about it next time yeah before you scream it

Yeah  
I don't like the way that I feel  
Lookin' for reality, but this ain't real  
What am I supposed to say, yeah  
I ain't supposed to feel this way

Yeah  
I don't like the way that I feel  
Lookin' for reality, but this ain't real  
What am I supposed to say, c'mon  
I ain't supposed to feel this way
