

## SUFFICE

NF

Yeah, if I did it, then I did it right, yeah  
This ain't happenin' for me overnight, yeah  
Bet against me, you gon' pay the price, yeah  
Down to business, I ain't playin' nice, yeah  
So ahead of y'all, I'm out of sight, yeah  
When you poppin', they all want a slice, yeah  
Greed and envy, that's a part of life, yeah  
Mediocre, that just won't suffice

Better now than ever  
Ain't no crackin' under pressure, the boy is clever  
If I did it, it was stellar, nobody fresher  
Stop complainin', man, my head hurts, these catchy records  
Ain't nothin' really but a walk in a park for me  
Heard the catalog, you know I got some scars on me (You know)  
Just gettin' started, you don't really wanna start with me  
It's John Q, I would sacrifice the heart in me for family  
High roller, but you wouldn't know it by the way that I rolled up  
Career lifespan lookin' good, it ain't slowin'  
One after another, man, I just keep goin' and goin' (And goin')

Yeah, if I did it, then I did it right (Yes)  
This ain't happenin' for me overnight (No)  
Bet against me, you gon' pay the price (Pay the)  
Down to business, I ain't playin' nice (Woo, woo)  
So ahead of y'all, I'm out of sight, yeah (Out of sight)  
When you poppin', they all want a slice, yeah (Want a slice)  
Greed and envy, that's a part of life, yeah (Part of life)  
Mediocre, that just won't suffice

Keep myself grounded, that's a piece of me that I won't let go  
No matter what level I reach, I promise to hold it close  
Ain't gotta tell me this hittin' different, man, I already know  
How are you claimin' we had a baby, we ain't never spoke?  
I don't be sleepin' out here with random woman on the road  
They want a DNA test to prove it, I'm like here you go  
I could've saved you a bunch of time and told you the results  
Lookin' for hush money from me, you ain't goin' get it though  
Historic, rain on my parade, I keep walkin' and ignore it  
Just part of the game, yeah, it comes with the territory  
It's just another day, man, I'm used to it downpourin', it's nothin' (Nothin'  
' )

If I did it, then I did it right, yeah  
This ain't happenin' for me overnight, yeah  
Bet against me, you gon' pay the price, yeah  
Down to business, I ain't playin' nice, yeah  
So ahead of y'all, I'm out of sight, yeah  
When you poppin', they all want a slice, yeah  
Greed and envy, that's a part of life, yeah  
Mediocre, that just won't suffice

You know it  
On God  
Won't suffice

Do not need no introduction (Ooh)

Style my own can't no one touch it (Ooh)  
Became what they said I couldn't (Ooh)  
Mediocre, that won't cut it

Life is a gift, I  
Wanna live it to the fullest while I can, why  
Would I not when I know my days in this game are numbered?  
Might as well enjoy the few years that I do have left  
Who knows when I'ma write my last verse, I've  
Been to hell and back ever since that first EP came out with all I  
Have on it, I've been given all I have, wasn't really prepared for the pain  
I was  
Gonna have to go through to get to the end result that I knew I wanted  
Hoped I would make an impact in rap, has that been insane?  
Yes, but it was worth it, I can't imagine if I would've gave up and just turned my back on this music  
Where would I be now?  
Don't know how  
I would of made it out from  
Underneath that rainy cloud  
Had my doubts, yes, but that's how I found my  
True purpose, if my surface looks great who cares if underneath I'm hurtin'?  
If there's one thing I've learned in  
My life, it's that life is uncertain  
Gettin' burned is unavoidable isn't it?  
Ain't a person alive that hasn't been a victim of bein' lied to, we're all hypocrites  
Givin' our two cents but not listenin'  
All livin' in our own worlds thinkin' that  
We're right, when the fact of the matter is a  
Closed mind is the mind of an idiot  
Don't believe that's true well, open it
