

Bitter Sweet

N.Flying

You already know what it is
We spit the real thing
So let me take you over this beat
Okay, let's go

Every day, I levitate
Please do not hesitate
To tell your friends that I'm the best
I ain't the music, no replay
Grinding hard, no regret
Working hours, my party time
Counting paper like Big Rozay
Living in a dream, sleep, awake

I hit so hard like legendary Barry Bonds
Feel so fly, thank God I'm the chosen one
Not too many can feel this way (Uh-huh)
Not too many can spit this way (Uh-huh)
Yeah, I be the best, yeah, I pass the test
I will never let you slap my face

Such a bittersweet
That's what we want to feel
Baby, oh, oh-oh
It's always stuck on me
I swallow, bittersweet
That's no matter for me
Baby, oh-oh, oh
It's always stuck on my life

Baby (Baby)
Bring 'em out (Bring 'em out)
Let it burn (Let it burn)
You burn it up (Yo-yo, you burn it up)
Break 'em out (Uh)
Let it break (Let it break)
Break it up (Break it up)
Let's bring 'em down

Yo, yeah, I hate what I see, fickleness
I think y'all spit the same rap, ridiculous
Why you keep bragging about cars and chains?
That ain't right
Please, stupid, think about it
Grow up, then we'll talk about it
Pick a pen, you Peter Pans
Copy my rap once a day

Yeah, I teach you how to rap (Okay)
Yeah, you gotta learn how to rap (Okay)
Not too many can feel this way (Uh-huh)
Not too many can spit this way (Uh-huh)
Yeah, I be the best, yeah, I pass the test
I will never let you slap my face

Such a bittersweet (Uh)
That's what we want to feel

Baby, oh, oh-oh
It's always stuck on me
I swallow, bittersweet
That's no matter for me
Baby, oh, oh-oh
It's always stuck on my life

Baby (Baby)
Bring 'em out (Bring 'em out)
Let it burn (Let it burn)
You burn it up (Yo-yo, you burn it up)
Break 'em out (Uh)
Let it break (Let it break)
Break it up (Break it up)
Let's bring 'em down

Bounce, bounce
Yeah, you know how to bounce
Bounce, bounce

Would you be my first day's dreamer?
I could be your sweetest lover
That I've been living in some halfway
So, tell me, my imagine's girl (Oh)

Such a bittersweet
That's what we want to do
Baby, oh, oh-oh
You must delete me
It's a battle for me
You kiss my heart in the war
Baby, oh, oh-oh
I believe in myself

Baby (Baby)
Bring 'em out (Bring 'em out)
Let it burn (Let it burn)
You burn it up (Yo-yo, you burn it up)
Break 'em out (Uh)
Let it break (Let it break)
Break it up (Break it up)
Let's bring 'em down

Such a bittersweet (Uh)
That's what we want to feel
Yeah, I got nothing to lose
That's right, I never lose)
I swallow, bittersweet (Uh)
That's no matter for me
Me and my band, we gon' take over
Over, over, over

Baby (Oh) (Uh)
Bring 'em out (Bring 'em out)
Let it burn (Let it burn)
You burn it up (Yo-yo, you burn it up)
Break 'em out (Uh)
Let it break (Let it break)
Break it up (Break it up)
Let's bring 'em down
