It's really cold these days  
The scent of early spring from whenever I saw you has gotten less now  
This street smelled like you like a habit  
Now it's covered with the smell of winter  
My heart is lighter now  
I used to say so easily, like a habit  
That I couldn't live without you  
But now that you're not here, I feel this temperature  
You sounded like you'd be back really soon  
As you held my hand and told me  
Not to go (not to go)  
Yeah, you can hate me  
I'm such a fool, now I miss you  
On this crossroad where nothing changed

Woo, your town was a bit far to walk  
But the hills didn't even stop me  
Now it's hard just by you not being here, why?  
I miss you

After we said goodbye, I secretly stood at the crossroads in front of your house  
Pacing back and forth, under the faded street light like the moon  
As I longed for you, yeah

It's not like I have something to say to you  
I just walked and came here  
What if we run into each other?  
What if you find out how I feel?  
It's not like I wanna see you again  
I just walked and came here  
On this crossroad filled with memories

Yeah yeah  
You said you used to cry without me  
That you felt lonely as you walked on this dark road  
When I was busy and you asked why I was so busy  
I just gave excuses  
Now I'm just picking up pieces of your memory  
With this as an excuse, I came to the crossroad again  
Like a typical line in a song  
Nothing has changed  
But now I'm a singer who sings about you  
And I can't even see you  
Are you listening to this song? yeah

Woo, there's no such thing as a beautiful break up  
It's just over, don't ask me more  
Even when I watch dramas  
It's just the same love story and break up story  
I don't know

After we said goodbye, I secretly stood at the crossroads in front of your house  
Pacing back and forth, under the faded street light like the moon  
As I longed for you, yeah

On this road where I can't walk on again  
I erased all the memories we shared  
Now I'm walking alone  
On this night as I miss you

Yeah, the sound of my footsteps  
Even if it's coincidence, I want to see you  
This road, don't forget it, still

I thought I forgot you  
But like a fool, I'm in front of your house again

After we said goodbye, I secretly stood at the crossroads in front of your house  
Pacing back and forth, under the faded street light like the moon  
As I longed for you, yeah

It's not like I have something to say to you  
I just walked and came here  
What if we run into each other?  
What if you find out how I feel?  
It's not like I wanna see you again  
I just walked and came here  
On this crossroad filled with memories
