Today, I cruelly broke down again
I swore I wouldn't bring up your memories again
But like a character from a drama, I see you on TV
Even watching you pretend
Like you don't understand what's going on
Seems like things that are happening to me now
My ring is still sitting on top of my table
It's like sitting in a movie theater every night
And rewinding the film
Over and over again
We used to promise to look into the future together
When things were hard but now

I don't wanna stay without you
I can't live a day without you
Even when I hang out with friends, even when I sing
You know know know
One, two, three, four, I'm trying to erase you
But I can't
I try folding up the times with you like paper
But nothing nothing

Lonely, lonely, lonely
Lonely, lonely love, lonely
Love me, love me again
Love me, love me, love again
The days are the same but you're not here, it's torture
I should get used to it now, this loneliness
Lonely lonely love, loneliness without you

You were like an angel,
I was like the devil
Promises that seemed like eternity
Fell behind my emotions
I acted so pretentious again and again

I pretended to block my ears
And I put a nail through your heart
I only did things
You asked me not to,
And now I miss your nagging
If I can go back to you,
I won't ever hurt you again

I don't wanna stay without you
I can't live a day without you
As if it was really the last time
I tried saying goodbye but nothing nothing

Lonely, lonely, lonely
Lonely, lonely love, lonely
Love me, love me again
Love me, love me, love again
The days are the same but you're not here, it's torture
I should get used to it now, this loneliness
Lonely lonely love, loneliness without you

I miss you, I still miss you
I still miss you

I live as I turn time back,
I miss you, please just once
Hold me tight and take me, time
Yes, I live like this
The same as the times you were here
Don't wanna let you go, yeah

Lonely, lonely, lonely
Lonely, lonely love, lonely
Love me, love me again
Love me, love me, love again
The days are the same but you're not here, it's torture
I should get used to it now, this loneliness
Lonely lonely love, loneliness without you
