

Believer

Ängie

We're two drunk hearts apart
I'm smoking my weed
I'm thinkin' 'bout me
Life is so fucking hard
I'm bitter, I'm eager
I'm lovely like art

Baby, I'm a believer
I'm a believer
Baby, I'm a believer
I'm a believer

Do you really love me?
I'm honest, I'm evil
I'm a real sweetheart
Why won't you see it like me?
We're different but equal
But easy to hurt

You're a real piece of art
You're strong just like metal
But covered in dirt
I love your perfect flaws
I hate you, I love you
You're ignoring my calls

Baby, I'm a believer
I'm a believer
Baby, I'm a believer
I'm a believer

Let's stay on the same side
We don't got the time
You said the fear would go away
But the anxiety never leaves
But the fear dies slowly for us
'Cause we're idiots
Between truth and lies
Between true and false
Between truth and lies

Baby, I'm a believer
I'm a believer
Baby, I'm a believer
I'm a believer

Baby, I'm a believer
I'm a believer
