

Borderline

Ängie

I'm impulsive, I get mad, I get sad
I'm happier than most
I'm suspicious all the time
And I got no self-control

I drink whatever I can get
Take it all, full of regret
Doing it 'cause I need it, no, no
Unstable love that makes me sweat
It gets me high, it gets me wet
Doing it 'cause I need it, no

I'm always on fire, like I like it
I'm always on fire, like I like it
I'm always on fire, like I like it
I'm always on fire, like I like it

Baby, I'm driving you crazy, crazy
Baby, I'm the borderline baby, baby

Self-loathing and despair
Total emptiness, paranoid and scared
I'm thinking way too much
What could happen if you'd leave me on my own

I threaten you, I raise my voice
I'm breaking things, I'm on the floor
Crying 'til my eyes are sore, no, no
I'm loving and I'm destructive
I'm beautiful and terrible
I'm so much more, I'm addictive, no

I'm always on fire, like I like it
I'm always on fire, like I like it
I'm always on fire, like I like it
I'm always on fire, like I like it

Baby, I'm driving you crazy, crazy
Baby, I'm the borderline baby, baby
