

# Cherry Psycho

Ängie

I've got this hunger I can't get rid of  
It's in my bones, it's on my skin  
I've got this hunger, it needs to be touched  
It's in my soul, it's deep within, yeah

Because I spit fire, spit fire  
Snake in the grass  
Waiting to bite you  
I'm coming real fast  
Barbed wire, barbed wire 'round your soft neck  
Pretty but deadly, I got that effect

I'm your cherry, cherry, cherry psycho  
The taste of cherries leave your skin ice cold  
I'm your cherry, cherry, cherry psycho  
You know I'm crazy and that's why you won't go  
I'm your cherry, cherry, cherry psycho  
The taste of cherries leave your skin ice cold  
I'm your cherry, cherry, cherry psycho  
You know I'm crazy and that's why you won't go

Won't go, won't go  
Won't go, won't go

I've got this craving I can't get rid of  
A bullet hole, needs to be filled  
I've got this longing to fulfill  
Don't know what's wrong, in for the kill, yeah

Because I'm dreaming about you  
Almost every night  
I want to give in but I hold on so tight  
Desire, desire makes my head spin  
I can't decide if I let my thoughts win

I'm your cherry, cherry, cherry psycho  
The taste of cherries leave your skin ice cold  
I'm your cherry, cherry, cherry psycho  
You know I'm crazy and that's why you won't go  
I'm your cherry, cherry, cherry psycho  
The taste of cherries leave your skin ice cold  
I'm your cherry, cherry, cherry psycho  
You know I'm crazy and that's why you won't go

Won't go, won't go  
Won't go, won't go
