

# Evil

Ängie

Silky smooth skin that makes you wanna sin  
A fallen angel's rule  
You don't know what you're getting into  
Rushing like a fool

A beautiful killer  
The devil's mistress  
You're another sinner  
For a villain in a dress

Evil, I'm fucking evil  
Evil, a fallen angel  
Evil, I'm fucking evil  
Evil, I'm fucking evil

I'm a succubus, a blood thirsty vampire  
I'll break your heart in two  
You should run, run, the opposite direction  
You're dancing with the devil

A beautiful killer  
The devil's mistress  
You're another sinner  
For a villain in a dress

Evil, I'm fucking evil  
Evil, a fallen angel  
Evil, I'm fucking evil  
Evil, I'm fucking evil
